## August 27<sup>th</sup> Chapter Meeting

### Physical Security Site Assessment – Critical Incident Planning

Please join us for an exciting venue and event at The Loveland Living Planet Aquarium.

Our topic for our August Chapter Meeting will be presented by Scott Behunin of the Department of Homeland Security (DHS). We will be discussing site assessments and resources available to prepare for a critical incident and to aid law enforcement if it is necessary for them to come to your facility. This is a must for all public and private venues.
